## REASON FOR RETURN SAILING TO SUICIDE.

Robert Jenkins Goes Back to the Tennessee Penitentiary.

### "GITS BETTER GRUB"

Former Convict Climbs Wall of the Penal Institution, Dons Stripes, Marches to Breakfast and Goes to Work.

Nashville, Sept. 7.—Robert Jenkins, a negro, climbed the high wall surrounding the state penitentiary, secured a suit of striped clothes and fell in line for breakfast with the convicts. After partaking of the morning meal Jenkins fell in line again and marched to the foundry and was at work when his identity was established. He was sent up some time ago for grand larceny and after serving his term was discharged Aug. 10. His action he explains as follows:

"I gits better grub to eat in here," said Bob. "Where I's been boarding dey puts de butter clean 'cross on de other side of de table, an' de lan'lady didn't gimme but two biscuits. Out here at de penitentiary Cap'n Sol doan bol' back nothin' ter eat."

### OFTEN OVERDRAWN.

Methods by Which Company Was Ruined Have Been Disclosed.

Philadelphia, Sept. 7.—The preliminary hearing of Adolph Segal, the promoter; William F. North, treasurer, and Marshall S. Collingwood, assistant treasurer of the Real Estate Trust company, took place Thursday, and the three were held in heavy bail for trial.

Commissioner Berkey declared practically every director of the Real Estate Trust company had certified to the correctness of the reports filed with the state banking department. These reports, he said, were false. If his expectation sustains the falsity of the reports, Mr. Berkey said he would proceed against the directors and make an issue of their responsibility, which has never been decided by the courts of this state.

The evidence presented through witnesses by District Attorney Bell at the hearing of Segal, North and Collingwood Thursday disclosed the methods by which Segal and Hipple wrecked the trust company. The most damaging testimony was to the effect that both Hipple and Segal had repeatedly overdrawn their accounts with the knowledge of the treasurer and assistant treasurer. These overdrafts were carried as cash accounts. On the day Hipple died there was an overdraft of \$64,000 against the president, which was converted by Collingwood into a loan showing Hipple's accounts to be apparently straight. These overdrafts of Hipple and Segal at times amounted to more than \$800,000. There was on deposit in the bank approximately \$7,000,000, and the loans made to Segal amounted to \$5,309,200. Many of the securities, which have since been found to be insufficient, were bonds and stocks in the Segal enterprises, and were approved personally by Hipple.

Many depositors who placed money in the bank Monday and Tuesday, after the directors knew it was insolvent, were allowed to withdraw their deposits Thursday.

### LARGE DUTIES PAID.

Western Sugar Refinery Has Paid in Considerable Cash.

San Francisco, Sept. 7.—The Western Sugar refinery has paid into the custom house \$97,876 duty on raw sugar brought from the Philippines on the British steamer Seminole. The total duty was \$103,276, but \$5,400 was paid at Manila from export duty and taxes. The amount paid here is 25 per cent less than the amount of duties on sugar from a foreign country, which does not go into the United States treasury, but into the Philippine fund.

### NO PRIMARIES.

Alabama Republican Executive Committee Will Name Ticket.

Birmingham, Sept. 7.—The Republican state executive committee will call off the primaries decided on for the latter part of this month and a full state ticket will be named by the committee. It is understood Charles Scott of Montgomery will be nominated for governor and A. Wimbs, a negro, will withdraw as a candidate for lieutenant governor.

### TURNED OVER.

It Is Thought Stensland Will Soon Be Started Back.

Chicago, Sept. 7.—Assistant States Attorney Barbour received the following telegram from Assistant States Attorney Olsen, who in company with James Keeley of the Chicago Tribune is in Tangier watching Paul Stensland: "Stensland has been turned over to us." It is believed Olsen and Keeley will start home with Stensland immediately.

Dramatic Incident Takes Place on New York Pier.

### PLEA IS NOT HEEDDED.

Italian, Who Formerly Resided Near Beaver, Okla., Returns to Native Land to End Existence on Grave of Sweetheart.

New York, Sept. 7.—A dramatic scene occurred on the French line pier Thursday just before the steamer La Provence left for Havre. Among the passengers was Luigi Contanrini, thirty-four years of age, who was bound for his old home in Locco, province of Lombardi, Italy, to keep a suicide pact to die on his sweetheart's grave.

Antonio Contanrini, a brother of the passenger, created the scene, and told his brother's story. He said that Luigi became betrothed to Josephine Balantini, a girl in his native town. Her parents opposed the match, preferring a wealthier suitor, and Luigi, with his sweetheart's promise to keep faith, came to this country to seek his fortune. He established himself at Beaver, Okla., near where he secured a farm. Then he wrote for Josephine to come, but she replied that she could not; that her parents forbade; that she intended to commit suicide, and that she expected Luigi to join her in death.

News that the girl had carried out her purpose followed, and Luigi sold his property at Beaver and started for Italy to kill himself on the girl's grave.

His brother, Antonio, lives at Paterson, N. J., and Luigi went to him, told him the story and bade him farewell. Entreaties failed to swerve the man, and on the pier Antonio made his final appeal. He clung to his brother passionately, imploring him not to go. Luigi shook his head. Antonio then half dragged his brother to an open space on the pier, fell on his knees, raised a crucifix aloft and renewed his pleadings. Luigi could not be moved, and finally turning his back on Antonio went on board the La Provence.

### WEDDED ON GULF.

How Bride Managed to Evade Provisions of a Will.

New Orleans, Sept. 7.—Announcement was made Thursday of the marriage of Miss Florence Elston on a tugboat at sea, to Eugene Durab. The ceremony was performed in the Gulf of Mexico within the three-mile limit from the United States and during a blow which washed the tug's decks with spray. In marrying Mr. Durab, Miss Elston defied the provisions of her grandmother's will, which cut her off from inheriting one of the finest orange groves in Louisiana if she married Mr. Durab.

### LONG NATURALIZED.

Gompers a Citizen and Legal Voter Since 1872.

Lewiston, Me., Sept. 7.—President Samuel Gompers of the American Federation of Labor, at a meeting in the city hall Thursday night, in reply to a statement made on the previous night by Speaker Cannon said he (Gompers) was naturalized in New York in 1872 and has since been a citizen and legal voter.

### LOW NO MORE.

Gallant Confederate Captain Departs This Life at Liverpool.

Liverpool, Sept. 7.—Captain John Low, who served under Admiral Semmes on the Confederate cruiser Alabama during the civil war, departed this life in this city Thursday.

### STENSLAND'S SURRENDER.

Warrant Cabled to American Minister Requesting Same.

Chicago, Sept. 7.—A telegram from Washington to Assistant State's Attorney Barbour stated that President Roosevelt had cabled a warrant to the American minister at Tangier requesting him to surrender Stensland.

### Bryans on Their Farm.

Lincoln, Neb., Sept. 7.—After the strenuous week since their arrival at New York Mr. and Mrs. W. J. Bryan are enjoying the quiet of their Fairview home. On the 10th Mr. Bryan leaves for a tour of nearly twenty days in south, central and southwestern states. He will be home Oct. 1.

### Shipments Not Received.

Wichita, Kan., Sept. 7.—Owing to a congestion of grain at Galveston and the inability of the Santa Fe to get its cars unloaded that road has ordered its agents to decline further consignments of wheat to the gulf port until after Sept. 13.

### Determined to Die.

Shreveport, Sept. 7.—John E. King, an aged man, despondent over ill health, committed suicide by taking morphine and carbolic acid. He is said to have come here from Austin, Tex., where relatives reside.

## THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CARNES & WALLACE.

BRYAN, TEXAS, SEPTEMBER 8

Two battleships and a cruiser will be used to convey the president to Panama and back in November, from which it may be inferred he is going to take the Big Stick along.

Annual passes issued by Texas railroads must now be marked "Good in Texas Only." If the next legislature makes good the passes will be a thing of the past in Texas also.

A New York special published in the Eagle yesterday morning states that Senator Bailey cuts loose from Bryan and will shortly declare himself on the subject of government ownership of railroads. Some Missouri democrats are also up in arms over this question and want Folk to supercede Bryan in the democratic leadership. The Eagle thinks entirely too much fuss is being made over a matter on which Mr. Bryan merely expressed his personal opinion, especially when there is hardly the remotest chance of this question being injected into the next democratic platform. One thing is certain, if the democrats ever get in a mile of the white house they will have to quit their foolishness and quibbling and get together.

## CROP OF THE SOUTH.

The Times-Democrat herewith presents the reports of its correspondents as to the progress of the cotton-crop during the month of August. The consensus of opinion is as follows:

While the reports vary greatly with the districts from which they come, there can be no doubt that, taking the belt as a whole, there has been a distinct deterioration.

Excessive rains in most sections have retarded the development of the plant and caused it to run to weed.

The movement will, from the present outlook, be later than the normal by about two weeks.

Farmers seem inclined to hold, in the expectation that prices will show a sharp improvement within the near future.

Texas complains of damage by boll-worms and boll-weevils, and so do some sections of Louisiana. It is too early as yet to approximate the injury from this cause. —New Orleans Times-Democrat Sept. 3.

## SANITARY NOTICE.

Notice is hereby given that I will make a sanitary inspection of the city within the next ten days and at the end of that time will file complaint against all persons allowing waste water from their houses to run into the streets or alleys; also against all persons keeping hogs in pens within the city limits. This action is made necessary to get rid of flies and mosquitoes and prevent a spread of malarial fevers. Aug 31, 1906. R. H. Harrison, Health Officer.

## MUSIC RECITAL AT T. W. C.

At the recital last night at the new college building Mr. Lillebridge again demonstrated his claims to be classed among the very best pianists of the country. He came among us after having established a reputation in the big musical centers of the east, in competition with artists of national reputation, and both as player and pedagogue. His playing is clean, refined and expressive, and his technique equal to the demands of the most exacting composition. The St. John "Sun" says: "His playing is extremely brilliant with the singing quality which is characteristic of the great Paderewski." The Moncton "Time" says: "I can most enthusiastically endorse his playing as comparing favorably with that of the brilliant galaxy now holding the admiration of the musical world."

As a teacher he knows how to get results by methods well known to competent teachers. As a composer he stands high in American art, evidence of the fact being given by the anthem presented last night composed by Mr. Lillebridge—rich in harmony, effective for voices and instruments and stately in character. Mr. Lillebridge's pupils have the opportunity to study with an unquestioned master of his art.

Mrs. Lillebridge, one of the favorite pupils of Hasselbeck of Munich, again displayed the exquisite art of the cultured singer, showing the smooth and perfectly cultivated voice of what the Germans call "gold." Her pupils and friends appreciate her, and her class this year will doubtless attain large proportions.

The singers and instrumentalists deserve great credit for their able assistance.

**THOMPSON REPORTS.**

**Insists That Junta at St. Louis Ought to Be Suppressed.**  
Washington, Sept. 7.—Declaring to be false reports of a bitter anti-American feeling in Mexico and organized revolution against President Diaz, David Thompson, American ambassador, has made an exhaustive report to the state department setting forth in detail information which could not be conveyed in previous confidential dispatches. He renewed the request that in compliance with the wishes of the Mexican president this government should take steps to suppress the Mexican revolutionary junta at St. Louis, which publishes in Spanish a paper called Regeneracion. He contends the articles that appeared in certain newspapers of the United States discussing alleged dissatisfaction with the administration of President Diaz and asserting that the insurrection is possibly far-reaching are wholly without foundation and of inestimable harm to Mexico. He characterizes the troubles that have already occurred as nothing more than small labor riots. Mr. Thompson deprecates the fact that such publications give the most exaggerated importance to the work of men who fled from Mexico and who continue forever to breed a spirit of unrest in that country, and adds: "If there should be any local disturbances they would be handled rightly by the Mexican government. Such a thing as a general uprising is not to be seriously considered."

Previous telegrams have been exchanged between the state department and Ambassador Thompson in relation to the publishers of the Regeneracion, in which the ambassador suggested that if these men would be dealt with as anarchists President Diaz would feel deep gratitude. The state department immediately referred the dispatches to Mr. Thompson to the department of justice, with a view of ascertaining what measures might be taken against the Regeneracion or its publishers.

**WRITES VICTIMS.**

**Defrauded Thirty-Two Hotel Keepers and Private Citizens.**  
New York, Sept. 7.—Hotel keepers of this city who were defrauded last month out of bills for board, lodging and carriage hire, to say nothing of the cash paid to him on worthless checks, doubt if "the smooth stranger" is really dead.

He has, however, forwarded to the National Hotel Keepers' Protective association here a valet's address, giving the names of all whom he swindled in August and announcing that he was about to take his life. According to his own record for August he has defrauded thirty-two innkeepers and private citizens in all parts of the United States. Among them are the proprietors of the Hotel Breslin, the Hotel Seville and Bretton Hall, this city, the confession, which was dated Sept. 2, is written on the stationery of the Wayne hotel, Detroit, directed to Edgar A. Walz, president of the association. The letter says, in part:

"I have no excuse to offer, unless it be that I am crazy, but I shall atone for it all tonight, as I am tired of my style of living."

"Since Aug. 1 I have fleeced various persons in several states out of more than \$400. I would like for you to inform my mother in Norfolk, Va. (giving name and address)."

"I find the New York hotels easier than any other to bunco, and there should be some way to protect them. I have walked into hotels without a sign of baggage and have had checks cashed. I did so at the Breslin one week ago yesterday." He signs his own name, apparently.

Assuming the name of Henry T. Warren he says he defrauded the Breslin Hall hotel out of \$61.25, while as "Jack" Warren he made the Hotel Breslin lose \$13, and as Dr. T. C. Smith he left an indebtedness at the Hotel Seville of \$30.50. These figures are vouched for, with the exception of those assigned to the Seville, where the management says all the claim it will make against the estate of "the smooth stranger" will be \$11.80, if his executors are disposed to settle.

He was there on Aug. 24. He spent Aug. 25 and 26 in the Breslin.

He was in the Bretton Hall, where he contracted a small bill and passed a worthless check for \$50. He dictated a letter to a Cincinnati paper house to the public stenographer in such a confident manner and in so loud a voice that it won him credit.

The man was about thirty years of age and not more than 5 feet 8 inches in height. His face was smooth and his hair jet black. He was of fairly solid build. Over his left eye was a vivid scar.

In the remarkable list he forwarded it is set forth that under the alias of "John T. Hardin" he registered in Greens' hotel, Philadelphia, and left an unpaid bill for \$3.50. He employed the same alias in contracting an obligation of \$23 in the Hotel Stafford at Baltimore.

**Eleven Firemen Injured.**

St. Louis, Sept. 7.—Eleven firemen were injured while fighting fire in a grocery store by an explosion of gasoline. The building was practically wrecked. **PRINTING BIDS REJECTED.**

**Board Decides to Throw All Out and Call For Others.**  
Austin, Sept. 7.—The state printing board has decided to throw out all bids for public printing and advertise for new ones. The following concerns bid on the work: State Printing company, Von Boeckman-Jones company, Morgan Printing company and Austin Printing company, all of Austin, and Maverick company of San Antonio. The use for throwing out all by the board is attributed to the fact that they are too high. The State Printing company was the lowest bidder on first, second and third class printing, and its bid was 30 per cent higher than the bids of two years ago. This action of the board caused some surprise. It is reported the State Printing company is not likely to offer another bid.

Sheriff John Ozmun of Canadian county, Oklahoma, was here from El Reno and obtained a requisition from the governor for the extradition of W. E. Miller, now in jail at Seguin. Miller is wanted at El Reno to answer a charge of obtaining money under false pretenses from a local undertaker there. Miller represents a Chicago casket concern. Railroad Commissioner Colquitt returned from Mineral Wells. He found a large amount of correspondence awaiting his attention. He had nothing to say for publication.

**SHAW'S EPISTLE.**

**Letter to All National Bank Depositories Made Public.**  
Washington, Sept. 7.—Secretary Shaw has made public a circular letter, dated Friday, to all national bank depositories, in which he says, in effect, that he expects public moneys in depository banks to be used in communities where deposited and not loaned through brokers and other agents in New York for speculative purposes. Says the letter:

"I am advised that many banks scattered throughout the country are loaning surplus funds through brokers and others at New York on call at high rates of interest. Money loaned on call are well high universal for speculative purposes. I recognize the right of any individual to speculate in stocks or in bonds and the legal right of any bank to loan money at appropriate rates of interest at home or abroad, on ample security, even with the knowledge that it is being used for speculative purposes. I am not willing, however, that government money be enticed away from the locality where it has been deposited for the purpose of being used in this way. Public deposits are made to aid legitimate business as distinguished from speculation of whatever nature. Depositories of city banks are expected to loan at regular rates or not at all, and they must not be tempted to act as agents instead of correspondents for other depositories banks making call loans at high rates. If you have more money than the community can appropriately absorb please return it to the treasury, for it can be promptly placed where it will do much good. This does not apply to banks with large reserves regularly on deposit with city correspondents."

**SECRET WORK FEARED.**

**Four of the Most Prominent Chinamen Have Left Fort Worth.**  
Fort Worth, Sept. 7.—The police of Fort Worth fear that some Chinese secret society is getting in its work among the Celestials here, as four of the most prominent Chinamen have recently disappeared, all of whom owned property. A few days ago Hong Lee, well known in Chinese circles here, was missed and the police department has set to work to unravel the mystery. There is trouble over the disposition of Lee's property, and his relatives decline to discuss the affair.

A vigorous canvass of Tarrant county has resulted in the securing of sufficient signatures to the petition that has been circulated calling for an election, which will be held simultaneously with the Dallas county election. Prohibitionists here are reticent as to their plans, but rejoice in the success of their petition.
